June 2015

TOTAL PRODUCTION

416 - 6 bottle cases

HARVEST

By hand, September & October of 2013

APPELLATION

Ribera del Duero

ALTITUDE

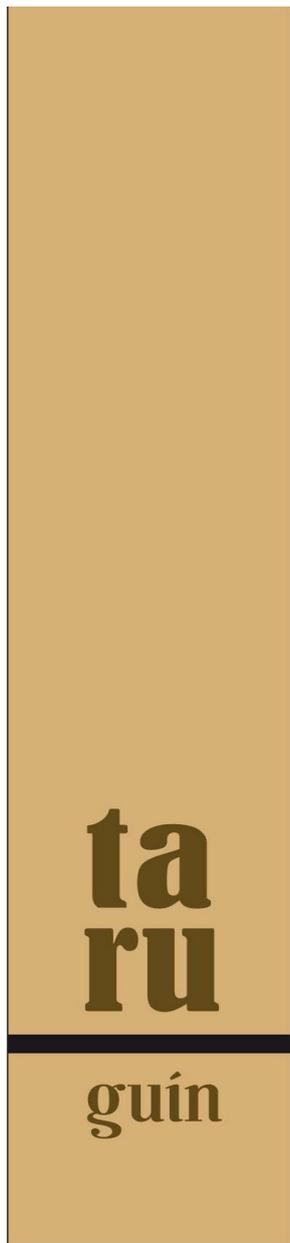

700 Meters

ALCOHOL

14%

FORMAT

750ml

THIS WINE IS: Organically Farmed

TASTE PROFILE

More arrogant, independent, very elegant and deep, it is a great expression of an area and an old vineyard that we work organically. With a nose that mixes mint and chalk sensations, the 2015 Taruguin feels quite different from the 2014 I tasted. The fruit is ripe without excess, the oak is neatly integrated and there is better balance and less rusticity on the palate.

There are abundant tannins that are going to require some time in bottle to be rendered invisible. A powerful Tempranillo

VINEYARD

Calcareous lands predominate in the area, with soils of different composition and depth of soil. The calcareous rock that exists in depth adds minerality to its wines, and prevents the roots from getting too deep. The composition of it is variable between sand, clay or stones. Our old vineyard was planted in an upper layer with a sandy texture over another of limestone; It has a slight slope and exposure to the south, which favors the plant to complete its maturation. The predominant winds come from the east, which added to the altitude, make the grape reach a perfect balance, with a freshness that allows the wines to express a very kind varietal character..

WINEMAKING & AGING

The fermentation is done in small 1500 liters tanks that allow us to control the temperature of the must-wine without the need without the use of energy. The main effort is to pay attention to the details and to listen to the requests of the wine, instinctively. We rack the wine into the barrels before winter falls.

FOOD PAIRINGS

Pairs well with the classic, grilled meat dishes of the region. Lamb or beef lead the way, but can also be had with many game dishes, as well as hearty stews and the like.
